# HAVE BIG RALLY AT MOUNT LAUREL

Great Meeting Next Saturday Under Auspices of Staunton River Valley League.

MOUNT LAUREL, VA., September 26. The Staunton River Valley League will hold a monster outdoor meeting at Mount Leurel, Va., on October 3d, commencing at 16 A. M. and lasting all day. The following speakers have been selected and have promised to come:

will hold a monater outdoor meeting at Mount Laurel, Va, on October 3d, commencing at 10 A. M. and lasting all day. The following speakers have been selected and have promised to come:

"Soil Fertility," Dr. S. W. Fletcher, director, Blacksburg, V. P. L.

"Live Stock," Dr. Ferneyhough, State Veterinarian, Burkeville, Va.

"Forage Crops," Professor Nickolas Schmitz, expert from the United States Department of Agriculture, Washington, D. C.

"Good Roads," Hom Berkley Adams, Red Oak, Vs.

"Dairying," Professor W. D. Saunders, State Dairy Commissioner, Grass Culture," Mr. T. O. Sandy, president State Farmers' Institute. The executive committee has worked hard to obtain a good list of speakers, and from indications those who find time to attend will be largely repaid for coming. Nearly all these speakers at that large gathering to address the Staunton River Valley League at the October meeting. The committee the Staunton River Valley League at the October meeting. The committee first selected the subjects, and it is with a great deal of pleasure and pride to the committee that it has been so emilently successful in having such prominent speakers to come to such a young organization.

The committee has at all times keptbefore it the importance of good roads, and from a large list of speakers on this important subject selected the Hon. Berkley Adams, the league's Charlotte county vice-president, to address us. Knowing the character and ability of the Mr. PRIEE LECTURES

by THOMAS WILLIAMS,

Berkley Adams, the league's Charlotte county vice-president, to address us. Knowing the character and ability of this gentleman, we do not hesitate to leave the subject of good roads in his able hands.

Bable hands.

The other subjects as well are strictly those close to the farmer. The committee thought best to bring out strongly the need of better stock, and for this important subject selected the State Veterinarian, Dr. Ferneyhough, to talk about horses and cattle, and Professor Saunders to speak about the improvement of the dairy herd. Following this, the committee kept in mind the improvement of the soil, and unhesitatingly selected Dr. Fletcher, a good authority on the fertility of the soil.

good authority on the fertility of the goil.

After the cattle has been improved and the soil renovated the farmer is in position to grow grasses, and the committee asked Mr. Sandy, of Burkeyille, and Professor Schmitz, of Washington, to take care of this subject.

The committee intends this meeting to be open to discussion, and any member is at liberty to ask these speakers any question they desire to.

This league is not connected in any way with any other movement, such as the governmental farm demonstration work, the dry prizery at Houston. The league is formed for the sole purpose of improving the public roads and sehools and the agricultural interests

work, the dry prizery at the work, the dry prizery at the governments. It is formed for the sole purpose of improving the public roads and schools and the agricultural interests of the farmer.

Last, and by no means the least important to the average man is something to eat. It has been decided that it would be best for each one to bring a basket, and be sure and put in enough a basket, and be sure and put in enough for a hungry man. Aside from for a hungry man. Aside from west Broad trackage; location west Broad Street.

Douglas E. Taylor, Renter of Real Estate.

## PLANNING FOR BIG TROLLEY SYSTEM

Recently Incorporated Charlotte Company Securing Franchises and Rights of Way.

and Rights of Way.

[Special to The Times-Dispatch.]

CHARLOTTE, N. C., September 26.—
Already widely known as the "city of
electrical energy" of the Carolinas,
Charlotte is destined, within a few
years, to be the centre of a great interurban trolley system. Recently the
Charlotte Power Company, whose promoters are chiefly Messrs. J. B. and
B. N. Duke and Dr. Gli Wylie, all of
New York, was incorporated, and it
has already begun securing franchises
and rights of way for trolley lines. No
organization has yet been effected but
it is probable that officers will be elected this fall and a definite and detailed
plan of operations then agreed upon.

At present the fompany has secured
franchises to operate cars in Gastonia.
Lowell, McAdenville and Mount Holly,
towns which are all in Gaston county
and within twenty-five miles of Charlotte, and rights of way are being secured from property owners along the

and within twenty-five miles of Charlotte, and rights of way are being secured from property owners along the prospective route.

Gastonia will be the centre of the Gaston county system at the outset, but later Charlotte will occupy this position, with the company's headquarters here. Work on the Gastonia lines will be commenced next summer, so that carn may be in operation by July 1, 1910, according to the terms of the franchise. The company will secure a local franchise in order that it may run cars in and out of this city, but nothing is planned just now for the Queen City. Lines to Concord and Salisbury, two live towns north of Charlotte, are said to be on the programme when Charlotte is reached.

The promoters of the Charlotte Power Company are practically the men behind the Southern Power Company, which gets power from Great Falls, on the Catawba River, in South Carolina, and which already has transmission lines reaching all points in this section. The operation of the trolley system would, therefore, not be at so great a cost and would provide a large power consumer.

AN OBJECT LESSON IN MACADAMIZING

[Speciate The Times Dispatch.]

DANVILLE, VA., September 28.—In his wery able report recently submitted to the Danville Tobacco Association. Colonel A. B. Carrington, the retiring president, after giving the total leaf sales of the market for the year-at something over thirty-five and a half million pounds and the hogshead sales at over 10.000,000 pounds, put in a word about the value of good roads. He sald:

"In connection with the quantity of leaf handled by our market, it will not be out of place to say something of our country reads. While we are proud of being the largest looss leaf market in the world, still we could undoubtedly add very majorially to our sales it every avenue leading."

and commission: investment and highest references required. Address Box 525, Madison, Wis.
